NEW!

State of the Art Pneumatic Ringer

Features:

- *Strong and Heavy-duty die cast body*
- *Quick loading magazine*
- *Second handle for greater control*
- *Cushion rubber grip*

Designed for use in ground stability and road construction in many different applications. The second handle enables safe but fast driving of fasteners.

This tool is ideally suited for jobs that require a heavy gauge C-ring for fastening galvanised or stainless steel chain link and other wire products.

The AC50M has a fast loading magazine which holds upwards of 100 c-rings per load. Its small nose allows for accurate placement of rings.

AC50M drives 11 gauge C-rings

Product code	Box Qty.	Opening Size
AC50GAL	1,500	38mm
