## State of the Art Pneumatic Stapler

### Features:

- Contact trip mechanism for safer operation
- Quick bottom loading magazine
- Strong and light weight die cast body
- Cushion rubber grip

Designed for use in the furniture and woodworking industries in many different applications. The contact trip mechanism enables safe but fast driving of fasteners.

This tool is ideally suited for jobs that require a short staple such as attaching plastic strapping over building paper and installing underfloor insulation.

This tool is commonly used in the timber industry for tagging and wrapping packs of timber

### Actual staple size:

### 80.16S drives the following staples:

Staple Code			Length
Galvanised 10,000 box	Stainless 5,000 box	Aluminium 5,000 box
