State of the Art Cordless Brad Nailer

Features:

- *Cordless design for versatility.*
- *Quick-release nose for fast jam clearing.*
- *Adjustable depth control for quick counter-sinking adjustments.*
- *Bypass nail pusher simplifies loading.*
- *20volt 2.0Ah Li-ion battery with rapid charger.*
- *DC brushless motor technology.*
- *No-mar tip & Carry bag.*

Designed for versatility, the BCN662 cordless brad nailer combines light weight and good balance for best manoeuvrability and ease of operation by use of ASB plastic & alloy components.

This tool has plenty of power for finishing work in house construction, furniture & cabinet building. Sequential trip operation ensures precise brad placement.

Flat magazine features fast-loading of brads by the stick and a special non-marring foot that prevents scratches in finished or soft wood. Brads are always visible from the side so operator knows when to reload. Changing brad sizes is simple and fast, requiring no tool adjustment.

Powered by a DC brushless motor technology using a high performance 20 volt 2.0Ah Li-ion battery.

BCN662 finish nailer drives 16 gauge brads
