

SIFCO®

AE02 Mattress Air Plier

NEW!

Designed for fixing felt matting over spring units, this time saving tool is fast and easy to use.

Powerful, medium sized pneumatic stapling plier for mattress assembly.

The top loading long magazine has large staple capacity which reduces reloading down time. Especially designed for securing varying thickness's of material.

Uses staple leg lengths from 12mm to 25mm depending on work requirements. Has a 40mm throat which provides for staple placement in from the edge of work.

APPLICATIONS

Mattresses - fastening of foam rubber and felt.

Fastening of covers on containers in cardboard or plastic for glues, fodders and chemical products.

Bathroom or automobile combined carpets to Velcro strips.

Cardboard cylinders with plastic end cap.

FEATURES

- Short blade plier.
- Magazine holds 2 sticks of staples.
- Top loading magazine.
- Easy to hang for easy access.
- Rubber grip.
