- *Pallets, boxes and crates.*

F58ACHN33-90BSCR drives the following:

Product Code	Type	Length
IMP50R	Bright Ring shank	50mm
IMP50R330SS	Stainless Steel Ring shank	50mm
GE21	Galvanised Ring shank	50mm
GE25	Galvanised Ring shank	60mm
IMP65RHDGAL	Galvanised Ring shank	65mm
IMP65RSS	Stainless Steel Ring shank	65mm
IMP75	Bright Smooth shank	75mm
IMP75RGAL	Galvanised Ring shank	75mm
IMP88	Bright Smooth shank	88mm
IMP88GAL	Galvanised Smooth shank	88mm
IMP88RSS	Stainless Steel Ring shank	88mm

Additional Features:

Sequential trip safety requires operator to hold nailer against work surface before pulling trigger. This makes accurate nail placement safer and easier.

Fastening wooden frames, wall and ceiling elements becomes a piece of cake, thanks to the 33° framing nail system from FASCO®. Lighter system (compared to other brands) = less physical strain = ideal condition for faster and more efficient work on wooden frames.

The use of galvanised or stainless steel fasteners increases the durability of outdoor structures. This makes the system ideal for applications in treatment classes 3 and 4. Whether you use FASCO® technology for framing, roofing, wooden facades or fences, you will be able to see quick success with this system.

SPECIFICATIONS

Length	505mm
Height	350mm
Width	145mm
Weight	3.52kg
Magazine Capacity	75 brads
Air Pressure	5-8 bar 70-120 PSI
