

RCC19-SWC Coil Carton Stapler

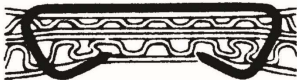

Features:

- Full cycle action for maximum speed and positive driving.
- Fast, easy reloading 1000 staples in each coil.
- Quick jam release feature.
- Adjustable tightness of clinch.
- Adjustable depth of penetration.
- Light alloy frame for ease of handling and good balance.
- Operates over a wide range of air pressures.

Designed for sealing closed cartons entirely from the outside, the RCC19-SWC combines the speed and security of sturdy, wide-crown carton sealing with the time savings of loading 1000 fasteners at a time.

Actual Size

Maximum penetration

Staple driven completely through two thicknesses of corrugated and clinched on underside.

Blind clinching

Easily adjustable for "blind clinching" within two thicknesses of board.

One simple adjustment controls staple penetration. With this feature you are always assured of the desired staple penetration depth.

Adjustable depth of staple penetration and tightness of clinch results in unparalleled performance in top sealing regular slotted, full overlap, end flap, partial overlap or practically any other kind of corrugated carton.

Loads three lengths of staples with an easy adjustment of the clincher setting.

Specifications:

Length:	245mm
Height:	225mm
Width:	115mm
Weight:	2.38kg
Air Pressure:	70-100 psi
