

CCA22-35 Pneumatic Carton Stapler

Features:

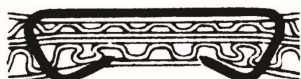

- Full cycle action for maximum speed and positive driving
- Fast, easy reloading
- Adjustable tightness of clinch
- Adjustable depth of staple penetration
- Light alloy frame for ease of handling and good balance
- Operates over a wide range of air pressures

Designed for sealing closed cartons entirely from the outside, CCA22-35 combines the speed and security of sturdy, wide-crown staple carton sealing. The magazine holds two sticks of staples, a total of 100 fasteners each load.

Adjustable depth of staple penetration and tightness of clinch results in unparalleled performance in top sealing regular slotted, full overlap, end flap, partial overlap or practically any other kind of corrugated cartons.

Loads 35/18 or 35/22LF staples with an easy adjustment of the clincher setting.

Actual Size

Maximum penetration
Staple driven completely through two thicknesses of corrugated and clinched on underside.

Blind clinching
Easily adjustable for "blind clinching" within two thicknesses of board.

One simple adjustment controls the depth of staple penetration. With this feature you are always assured of the desired staple depth.

Specifications:

Length:	340mm
Height:	225mm
Width:	115mm
Weight:	2.1kg
Air Pressure:	70-100 PSI
