

ro-ma® Professional Electronic Stapler

ME80

Electronic Stapler

Ideal tool for use when compressed air is not available

AN OUTSTANDING TOOL FOR:

- General upholstery
- Marine upholstery
- Woodcraft and toy manufacture
- Fastening building paper
- Securing netting on cages

Specifications:

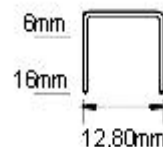

Length:	210mm
Height:	185mm
Width:	55mm
Weight:	1.4kg
Magazine capacity:	130 staples

Features:

- High resistance body in fibreglass reinforced resin
- Removable front plate for easy clearing of staple jams
- High fastening speed, up to 100 shots per minute
- Rear loading with built-in pusher
- Large trigger with built-in child safety feature
- Strong but lightweight and simple to operate

The ME80 Electronic stapler is suitable for all types of applications. It has been designed for the tradesman who requires short term use such as for on site repairs.

The ME80 is ideal for general upholstery, marine upholstery, or where the convenience of an electric powered tool is preferred.

ME80 drives:
