CAP HAMMERS

CH38A Auto feed cap hammer CH38 Manual feed cap hammer

CH38A AUTOFEED CAP HAMMER

The CH38A delivers the holding power of a cap with the speed and ease of a hammertacker. With every swing, this airless cap system automatically advances the cap and positions it for the staple.

- Tool Weight: 1.32kg.
- Fastener Capacity: 168 caps / 168 staples
- Cap Type: Full 25mm plastic collated caps
- Fastener Type: 10mm crown staples
- Fastener Length: 10mm

CH38 MANUAL FEED CAP HAMMER

The CH38 is the first hammertacker to deliver a cap and staple. And it's easy to use – just pull the trigger and drive it in! Staples without caps can also be driven anytime!

- Tool Weight: 1.18kg.
- Fastener Capacity: 168 caps & staples
- Cap Type: Full 25mm plastic collated caps
- Fastener Type: 10mm crown staples
- Fastener Length: 10mm

CODE	QUANTITY	STAPLE LENGTH
0136420	2000	10mm
