NEW!

Heavy-duty Manual Ringer

Features:

- *Strong, heavy-duty construction*
- *Quick loading magazine*
- *Portable design*
- *No air or power required*
- *Cushion rubber grips*

Designed for use in ground stability and road construction in many different applications. The long arms with rubber grips enables safe but fast driving of fasteners.

This tool is ideally suited for jobs that require a heavy gauge C-ring for fastening galvanised or stainless steel chain link and other wire products.

The AC50TH has a fast loading magazine which holds upwards of 100 C-rings per load. Its small nose allows for accurate placement of rings.

AC50TH drives 11 gauge C-rings

Product code	Box Qty.	Opening Size
