## State of the Art Pneumatic stapler

### Features:

- Long magazine increases productivity
- Contact or Sequential operation
- Quick bottom loading magazine
- Strong and light weight die cast body

Designed for use in trellis & garden edging industries in many different applications. The contact safety mechanism enables fast driving of fasteners. A simple turn of a lever transforms this tool to sequential safety operation for accurate detailed work.

The 90.28CL has a bottom loading magazine which holds upwards of 220 staples. Its narrow nose allows for accurate placement of staples.

The 90.28CL drives: 18 gauge staples
